DISCOVER THE WORLD OF WINE

*Special Offer to Members!*

## Le Nez du Vin

Le Nez du Vin is an educational tool that will help you develop your sense of smell and create a common language to describe, understand and better enjoy wine.

Wine takes on the characteristics of the elements that surround it. Within the earth, air and water are aromatic compounds and essences of plant and floral life, layered over centuries. These are the exceptional aromas found in red and white wine around the world. Aromas can give us an indication of a wine's country, region & vineyard of origin, grape varietal and the wine-making techniques and aging conditions that contribute to the vintage.

We all have a very sensitive sense of smell but practice helps us to recognize and identify the different aromas present in wine. This kit can help you identify the smell and describe it.

## 6 bottles

Le Nez du Vin  
The Nose Knows

6 major aromas found in wine. Explore and memorize them so as to detect them in the wine you taste.

A first step towards wine tasting mastery. Smell how easy it is to make progress.
